News 3 new results for EPA

**EPA Says Test of Wyoming Water Consistent With Prior Results**  
Businessweek  
The latest round of test results on water in Pavillion, Wyoming, show pollutants "consistent" with those from last year that were used to link water problems in that town to hydraulic fracturing, the Environmental Protection Agency said. The EPA today ...

**EPA report finds recreation on Twelve Mile Creek safe**  
Anderson Independent Mail  
The report issued by the EPA this week looked at a different potential hazard, however. Scientists wanted to determine whether PCBs existed in high enough concentrations in Twelve Mile Creek to hurt people paddling, wading, swimming or sunbathing along ...

**Mitt Romney Dusts Off a Proven Lie to Try to Deceive Voters**  
Huffington Post (blog)  
EPA Administrator Lisa Jackson immediately set the record straight by making clear the EPA was not going to regulate farm dust. She indicated the agency would not even propose taking the action that critics were claiming - falsely and mendaciously ...
